EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Thomas Van Zandt (Reg. No. 43,219) on August 29, 2006.

The application has been amended as follows:

In the Claims

At claim 25, line 1, after the words "An apparatus" insert the phrase "having a processor that performs".

At claim 37, line 1, replace the word "for" with the phrase "having a processor that performs".

At claim 53, line 1, replace the word "for" with the phrase "having a processor that performs".

Art Unit: 2182

At claim 54, line 1, replace the word "for" with the phrase "having a processor that performs".

Examiner's Remarks

2. The Examiner's amendment above was made to bring the amended claims into conformance with 35 USC 101 by adding a positive recitation of a hardware element (i.e. a processor) so the claims cannot be interpreted as comprising only software.

Allowable Subject Matter

3. The following is an examiner's statement of reasons for allowance: The applicant's arguments filed 6/17/06 (see 3rd and 4th full paragraphs of page 23 of applicant's remarks) are persuasive and the outstanding rejections are withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Eron J.
